

Ranger Rambler

Minister offers encouragement

Minister of Environment, Dean Wells, arrived at the QRA conference on March 6, 2003 to meet with the executive team and offer his encouragement to staff members.

Mr Wells said that he was pleased with the feedback he had received from the public in relation to the role of rangers. On acceptance of a

QRA polo shirt sporting the new QRA logo, 'Rangers Helping Rangers', Mr Wells promptly donned the shirt to be photographed with the team of QRA members in attendance.

When asked whether or not Mr Wells would be wearing the new line of QRA merchandise in parliament, he simply

replied that we had better get started on a business shirt!

As you are all aware, Mr Wells has now moved on. We offer him our best wishes in his new endeavours and welcome our new Minister for Environment, John Mickel. We look forward to meeting with you!

Mr Wells and the team of QRA executives, representatives and supporters at the Southern Region Conference held at Fort Lytton last year

It's all happening in the Northern Region...

Following a few setbacks and postponements (mostly caused by the rainy season), the particulars for the Northern Region QRA conference have been confirmed!

The event will be held at Lake Tinaroo on the 27 and 28 May, 2004.

The last conference held in Southern Region proved a success, drawing staff members

from all over Queensland. For more information, or to confirm attendance, please contact your local QRA representative.
